

School Lunch at Reformation Lutheran School

2021-2022 School Year

"He gives food to every creature. His love endures forever." Psalm 136:25

We can all agree that healthy eating can contribute to healthy learning! We are happy to offer you options to assist with providing your student a healthy and hearty meal for lunch at school. Please review the options for this year and note ordering instructions below.

Ki's School Lunches – Mondays & Thursdays, beginning September 13

Ki's School Lunches provide nutritious natural and organic foods to the students and staff of the schools we serve. We are very selective about the food and drink products we sell, dedicated to serving products of the highest quality, and committed to providing our customers with balanced nutritious meals, simply and affordably. Orders and payments are made online directly by parents. Please see the attached handouts for information and ordering instructions. Every effort will be made to disable ordering when classrooms are out of session. Please also consult your student's classroom schedule when placing orders. Ki's School Lunches are available to all Preschool, Grade School students and staff. While Ki's offers desserts at other school sites, our lunches will not automatically include a dessert. A dessert (such as a cookie) can be added to your order at an additional cost. The general cost of lunches will range from \$5.25-\$6.50, depending on the chosen entrée and additional items ordered.

If you have already been a Ki's customer, when you return to your online account, please be sure to select fruit and vegetable preferences for your student. Lunches are individually packed and will be delivered to classrooms by a school staff member to minimize contact with individuals from outside vendors.

Go to www.kisschoollunches.com to get started and place an order!
